NOTES FOR HAROLD BROWMAN - 19 June 1974

1. While a bit unusual, I approved the attached statement from [ ]

2. Nothing of interest to report from the Wednesday DCI meeting. Colby was in Chicago and General Walters was in the chair.

3. An inquiry came in to OLC on Tuesday afternoon from the office of the sergeant-at-arms of the Senate as to whether we could train three Senate employees in two computer program languages, i.e. ALC and PL-1. The surmise is that we received the request because a former OJCS employee, [ ] now works in the Senate office. We have the capability to train and both of the languages are included in the ADEPT training program. I discussed this matter with George Cary and then raised it at the Wednesday morning meeting. General Walters expressed some reservations and suggested the matter be discussed with Mr. Colby upon his return. Cary will seek more information from the Senate sergeant-at-arms.

4. Proctor and, I believe, Colby have approved approaching GPO and seeing if they have any interest in printing for public consumption the "Moscow Street Guide".

5. Commo has a meeting set for 2:30 p.m., Thursday afternoon, to brief Nelson, Blee, and [ ] on agent commo gear. I plan to attend to pick up any vibrations.

6. [ ] had a conversation with Rodriguez on Tuesday concerning tasking that you gave OTR on some kind of a counter-part Project [ ]. The answers I got back from Rod were a little bit mushy and you may wish to follow through on this.

7. Rodriguez informs that Colby has asked [ ] Houston, and Pforzheimer to continue their association with "Studies in Intelligence".
